Do You Remember . . .

—those four short years at Thornton Fractional North. But in the years to come we will think of them not only as a time of study and classroom activity, but also as a time of joy and excitement. The year 1961-62 will especially remain in our hearts for we will have these to remember:

The ever-thrilling Homecoming activities.

That frosty October night was especially memorable as the Meteors defeated Bradley by a score of 7-6 and Jo Ann Gunther, in a green gown, radiantly accepted the crown of Homecoming Queen from Sandy Jeka, the 1960 queen, while her shivering but lovely attendants watched.

"That Wonderful Year", our Carnival.

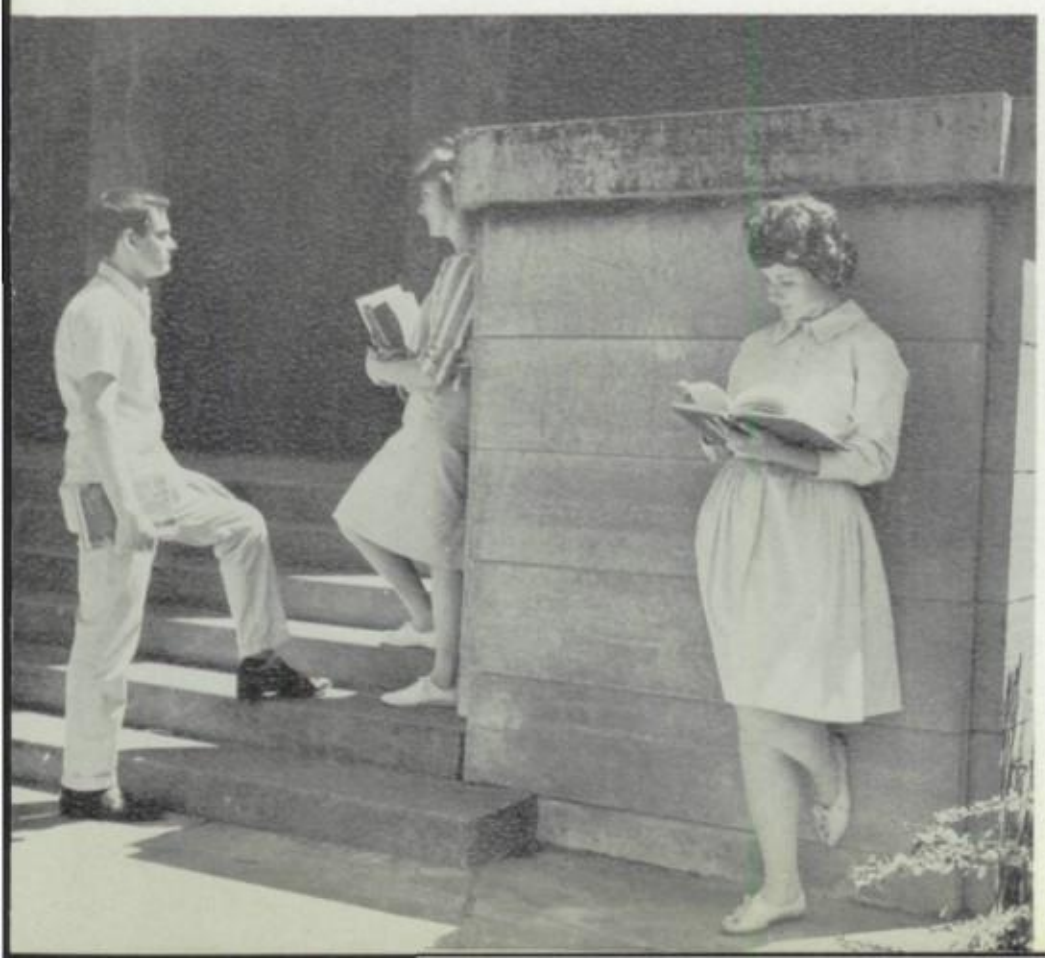
Among the newly discovered talent was that "Cool and crazy" group, Charlie and His Honolulu Swingin' Pineapples.

The new dance craxes and many popular new songs.

This was the year of the Twist, remember? Memories of T.F. sock-hops will always include other such diversified steps as the "Continental" and the "Foot Stomp." We slowed down a bit to dance to such songs as "Moon River", "Can't Help Fallin' in Love," and "I Don't know Why."

The "special days" sponsored by PAB.

On Paper Hat Day, Bill Watson was noticed by all, as he wore a hat in the shape of a miniature football field. Others raided their closets for such days as Dress-up Day, Ski-sweater Day, and Clash Day.



The new and different fads and fashions.

As the girls "ratted" their hair and wore white ruffly blouses, the boys donned cordoroy slacks and new varieties of sweaters. Both boys and girls wore fakefur Russian-styled hats to combat the extreme cold of that unusual winter when snow and more snow accumulated.

The polished production of "South Pacific".

This year a "first" was brought to T.F. as the dramatics and music departments combined efforts to present the famous musical.

These are but a few of the many, many memories of that very special year 1961-62.

SUPERINTENDENT JACKSON KIESTER

The kind and gentle personality of Mr. Jackson Kiester, superintendent, will long be remembered by the student body.

With the "sputnik" age and a revolution in education, a man like Mr. Kiester who is devoted to solving the problems at hand is invaluable.

T.F. North students are fortunate to have their school headed by such a man.

Mr. Aitken Young will long be remembered for his genial smile and friendly manner in the office as well as among the students. His ever-faithful understanding and help, along with his unceasing spirit of dedication, is deeply appreciated and has undoubtedly been a great aid to T.F. North students.

Policies and Finances Were Their Problems

Working diligently while often unnoticed, the Board of Education, through their insight and experience, formulates school policies and improves school functions, bringing about better educational facilities for District 215. These men deserve and obtain the praise and "Thanks!" of the student body.

Mr. Henry Legg, as business manager, takes care of school financial matters.

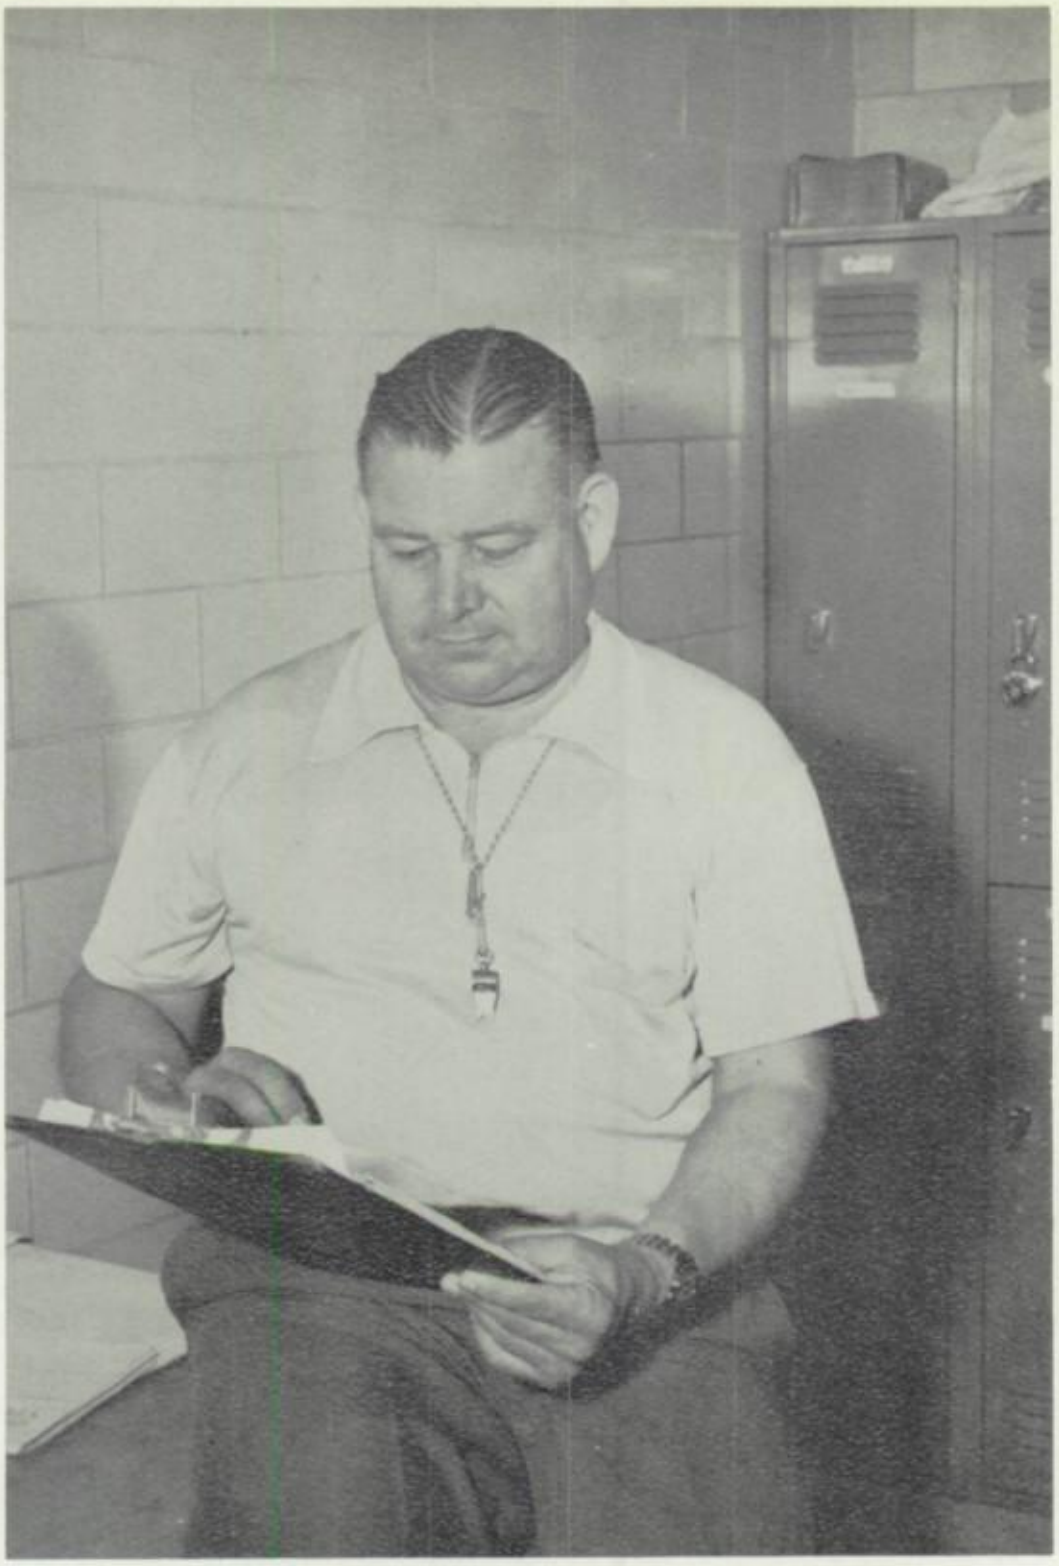
Our Faculty Will Be Remembered As An Important Part of School Life

How well we shall remember our teachers! Next to our classmates, they were our closest contacts throughout our school years. If a particular class or subject is prominent in our memories, so also is the teacher. We'll recall the homework, the tests, the projects, the jokes, the grades, the fun days, the bad days. All these are included in memories along with the teacher, who is really the center of the class.

A teacher is more than the title denotes. A teacher is someone who spends much time outside of class preparing work, grading papers, discussing methods, and, in general, doing his or her own "homework." A teacher takes on the added responsibility of sponsoring extra-curricular activities, so that we might have something to do after school. A teacher chaperones our dances and social affairs, or sells tickets at the door. Perhaps best of all, a teacher is a friend. We are fortunate in having a good student-teacher relationship at T.F. Outside of class we can be informal with our teachers and still maintain the respect so necessary in a good relationship.

From Mr. Adams' smile to Mr. Wonnell's mellow voice, there are traits we'll remember in all our teachers. We won't forget the faculty members, including the deans and counselors, who were so important in our lives at school.



EDWARD FEDOSKY

Born January 10, 1904, Died January 22, 1962

Teacher and Friend

He was our friend and that of hundreds of our predecessors—that jovial man with the merry twinkle in his eye.

No measure can ever be taken of the characters molded by his kindly influence. He was a lover of boys for none was unimportant to him. Undoubtedly his skillful instruction saved countless lives and furnished limitless enjoyment. We will remember with a smile his time honored remark at awards assemblies, "This is the cleanest sport in school!"

Although Ed Fedosky is no longer with us, his spirit will ever remain a part of Thornton Fractional North.

We shall remember the man who offered us the advice and discipline we often neéded. A true friend of the boys throughout the year was Mr. George Sobek, who besides devoting his time as Dean of Boys is also a scout for the White Sox.

Our Deans Were Always Busy

Could we ever forget the helpful guidance rendered us by Miss Katherine Brazzill, Dean of Girls? With her kind and considerate manner, Miss Brazzill has given many girls thoughtful counseling. Because of her courtesy, intuition, and ability, she has gained the sincere respect of T.F. students.

The Guidance Department proved, in 1961-62, to be an important part of T.F., for every student in the school came in contact in some way with this department.

The main duty of the department was to plan the academic life of each student. The class counselors conferred at least once during the year with the members of their respective classes to plan their schedules for the following year.

Mr. Richard Kurek, as guidance director and senior counselor, was instrumental in helping many graduating seniors plan their futures.

Our Clubs Provided Something For Everyone

The lasting friendships we made through club membership will be a treasured memory. What would schóol be without the various clubs we belonged to this year? They helped us to use our special interests in the service of the school. They taught us to work cooperatively with others and share ideas. Perhaps, the greatest benefit we gained from the clubs at T.F. North was the forming of leadership and character that cannot be learned in any text book or lecture hall.

This year's club activities marked some record-making events.

The thrilling experiences of singing in Denver, Colorado, at the national Kiwanis Club convention will remain in the memories of the Northernaires for years to come. They also sang on WIND for their first radio engagement.

The combined efforts of the Girls' Club and the Boy's Club resulted in the adoption of a little six year old Korean girl.

The speech and debate teams brought outstanding oratory ranking to T.F. North as they competed in various area meets.

Monogram Club organized the sixty foot scroll of personal messages to the late swim coach Ed Fedosky.

Dramatics Club sponsored Rogers and Hammerstein's musical comedy "South Pacific."

This brief summary of a few clubs' accomplishments is far from being complete, since every club in the school helped to mold a strong program for T.F. North students.

The P.A.B. Sponsored Various Activities

The Presidential Advisory Board was, in 1961-62, our "student council," a sort of government of Thornton Fractional North. Its members, the leaders of all school organizations, had the dual responsibility of sponsoring certain affairs and boosting school spirit. The P.A.B. promoted sweatshirt day, clash day, and dress-up day. This organization also was in charge of arrangements for Homecoming, the Carnival, and the Charity Dance.

Norman Jackson was president of P.A.B. throughout the first semester, and Steve Borbely occupied this position for the remainder of the year. Karol Gapsiewicz was the secretary. The faculty advisor of the P.A.B. was Miss Katherine Brazzill.

Einstein's Theory Was Common Talk

A telescope and a steam engine were two projects undertaken by Science Club members in 1961-62. Since the basic purpose of the Club was to expand its members' knowledge of the sciences, projects, discussions, and field trips were used to reach this goal.

The club hopes to get a six-inch reflecting telescope to be used for observations of the skies and the stars which they have made in the past using smaller telescopes.

Anything from computers to Einstein's Theory could have been debated at a meeting.

Do you remember the interesting displays of masks at Halloween and of Christmas cards for the holidays? The displays were made possible by the Art Club and Mrs. Robert Lembcke, club sponsor.

Some of the activities of the club were connected with edibles, for it was these club members who held the traditional Carnival cake walk and sold the taffy apples every day after school during the year of 1961-62.

Remembering others, the club prepared for the Easter of 1962 by making decorations for a near-by convalescent home.

Workshops, conventions, colleges, and guest speakers will be forever present in the active minds of the members of the Future Teachers' Club. This club aimed to further the interest of students to join the American teaching profession. Miss Loretta Krozel was their sponsor.

In the same way, the Future Nurses' Club members will remember their sponsor, Mrs. Helena Rosengard, first aid lessons, and excursions to various hospital training schools. This work prepared them for their possible future in nursing the sick back to health.

Lots To Do Here

The Boys' Club, begun in 1930, has encouraged companionship and participation in school activities for all T.F. boys. Among these activities is a semi-formal dance "Mardi Gras" was the theme of the dance in March of 1962. The club also directed the music at the after-game sockhops, and with the titanic blasts of notes resounding from the tape-recorder and echoing from wall to wall, hard-of-hearing people had no trouble enjoying the music.

Many fond memories will be held by the girls of Thornton Fractional North of the numerous activities sponsored by the Girls' Club, under the guidance of Miss Irma Stefanini. Striving to promote a spirit of service, democracy, and friendship, the board, elected each spring, planned such affairs as the Girls' Club Dance, the Mother-Daughter Party, Dads' Night, Bow Day, and Thanksgiving baskets for the needy.

These "Stage Struck" Actors Made

The presentation of the musical play "South Pacific" will be remembered by the Dramatics Club members as the highlight of the year. It offered a challenging and exciting new experience to the club under the leadership of the new director, Mr. James Mertz. Another undertaking of the club was the fall play, "Gramercy Ghost."

Their Debut in Two Productions

Members of this large club engaged in various activities having to do with drama. Many were seen on stage in acting roles; but many others worked behind the scenes on such necessities as scenery and makeup. Work and fun alike went into making the 1961-62 season an enjoyable one for our thespians.

Behind the Scenes or Out Front

Energy Is What It Took

Although the actors before the audience receive the applause of the crowd, the stage crew consists of the "unsung heroes" of public productions.

Not only did these men behind the scenes work on school plays and productions, but also were in charge of the sound equipment for all athletic events and assemblies. They gave us the necessary music for our sockhops, too. Without these boys who put in so much time on sound, lighting, and scenery, T.F. would be at a loss.

Membership in the National Thespian Society was the reward for hard work by drama devotees. Points required for membership were earned by work on school productions.

Library Club Gave Valuable Service

Our library was a familiar spot to many T.F. students in 1961-62, and the girls who made it a more efficient place in which to read and work were the members of the Library Club. Their most common duties were to keep the reference section in order and to check books in and out. If asked, however, they were able to explain the mysterious Dewey Decimal System to an unknowing student.

Having given up their free periods to help in the library, the girls managed to survive various book report plagues and other assignments which sent many students running to the library for materials.

Miss Frances Hunnell, librarian, was the club's sponsor.

Our Speakers Had the Gift of Gab

Resolved: That the Federal government should equalize educational opportunity by means of grants to the states for public elementary and secondary education.

Sound like a real mouthful? This was typical of the many topics discussed during the season by our varsity debaters, Jeff Davidson, Suzanne Harris, Jim Sayre, and Rod Wells. They attended 26 meets and took part in 186 debates. The team also participated in the tournaments of the Calumet Forensic League, The Metropolitan Debate Union, the National Forensic League, and the Illinois High School Association.

The debaters also engaged in a TV debate, "Rebuttal," over WBBM, traveled to Northwestern University and Andrean High School and presented a program over WJOB radio.

We also had a frosh-soph team composed of DeWayne Huckabay, Phil Jones, Jim Kuehl, and Dennis Marlow.

Letter Sweaters Were Their Pride

Always clear in our memories will be the bright yellow jackets worn by the members of the Monogram Club at assemblies and basketball games. In order to be a member of the club, a T.F. boy had to participate in some sport and earn a varsity letter. Their purple and gold letter sweaters, symbols of their success in athletic endeavors, certainly made them stand out in a crowd.

Terrapin Girls Swam for Fun and Show

The tune "Around the World in Eighty Days" drifted through the halls in the fall of 1961 as the girls in the Terrapin Club floated in the blue depths of the pool. Their rhythmic movements were in preparation for the annual water show for the Carnival.

Terrapin girls, under the direction of Miss Mary Shemaitis, performed a type of aquatic modern dance after passing the entrance requirements of the club and learning the basic fundamentals of water ballet.

Members of the club enjoyed a splash party and a picnic with the boys' swim team.

We Can Boast of Female Athletes

The Girls' Athletic Club offered an opportunity to the females of T.F. North to build strong. physically fit bodies, while enjoying recreational activity, too.

Girls were given a chance to partake in volleyball, basketball, captain basketball, swim, and softball. If, after many practices, they made a team, they engaged in tournaments in which the class members competed against each other. GAC'ers will remember the exciting battles when the seniors were pitted against the sophomores, or the freshmen against the juniors.

Under the supervision of Mrs. Ann Gillespie and Miss Sharon Foote, GAC maintained a point system for participation and ability in sports that enabled the members to earn pins, numerals, and letters, just as T.F.'s male athletes did.

The Band's Music Commanded

Decked out in uniforms of blue and gold, the Concert Band, under the direction of Mr. Jack Wonnell and Mr. Paul Mazzacano, highlighted many of the games, concerts, and assemblies at T.F.

T.F.'ers will never forget the tall, erect figure of Jim Dempsey, his dignity unmarred by mud up to his knees, leading the band at the North-South game.

"Hey, Look Us Over"

Band members will long remember the work and fun that went into preparing for their appearance on television at the annual High School Band Day, held at Northwestern University, when for the second time the program concluded in drenched uniforms caused by a sudden downpour.

Neither heat, nor cold, nor rain could keep this bandwagon from the North side of Fractional from representing their school proudly.

Our Cadet Band, which was composed mainly of freshmen, provided training to students who desired to eventually join the Concert Band. Mr. Jack Wonnell was their director.

The Intermediate Band, under the auspices of Mr. Paul Mazzacano, was the stepping-stone for many between the Cadet and Concert Bands. We'll remember their rendition of "Wonderland by Night" at the Winter Concert.

Members of the Pep Band were boys from the Concert Band who were selected to play "booster" music at some of the traveling athletic events.

The choral accompanists were the "unsung" heroines of the music department. They were all fine pianists, and without them we probably, would have had a number of off-key vocalists.

Not pictured here but certainly deserving of credit is the Dance Band. Some of the most talented members of the Concert Band combined to give us really "cool" dance music. This group took part in our concerts, was heard on the radio, played at an after-game sock-hop and at the Signature Swing. We were amazed at their versatility in presenting everything from soft ballads to the Cha-cha and the Twist.

"Politics and Poker," warbled Jack Wonnell's Northernaires of 1961-62, as they practiced daily on the choral version of the Broadway hit "Fiorello."

This year the girls chose as their "singing garb" green dresses with shoes dyed to match, and white gloves and pearls, while the boys wore tuxedos with white coats, black trousers, and green (bright green) bow ties.

In between practices for the winter and spring concerts, the Carnival, and graduation, the organization appeared before various groups, such as the Woodmar Country Club employees, the Calumet City Junior Women's Club, and many other clubs and organizations in the area. The highlight of the year was visiting and recording over WIND in Chicago on December 8.

The Northernaires gained in popularity throughout the year and were much in demand. Anyone who has ever heard their smooth vocalizing can easily understand why.

The Advanced Chorus was composed mainly of sophomore girls who, at their musical performances, wore flowing robes of purple with gold scarves. Most had had some previous voice training, such as that received in the Freshmen Chorus. Frequently, the female members of the Northernaires are chosen from the Advanced Chorus. Therefore, the main purpose of this chorus through the year was to train the girls to become really fine singers.

Everyone who saw the 1961 Carnival will always recall the Advanced Chorus' act —a medley of familiar tunes revamped with clever new lyrics, concerning some of our teachers . . . "Suwannee, How We Love You!"

Freshmen Were Enthusiastic Vocalists

Because of the large number of freshmen interested in music in 1961-62, is was necessary to have two choruses. The one pictured below, the Freshmen Mixed Chorus, consisted of 35 girls and 16 boys. The girls were trained for the Advanced Chorus; the boys, for possible positions in the Northernaires.

This mixed group sang the "Choral of the Bells" as one of their numbers at the Winter Concert.

They Gave Us Happy Harmony

A jaunty arrangement of "Deck the Halls" calls to mind the Winter Concert performance of the Freshmen Girls' Chorus, 57 students who sang for fun and for the training required for Advanced Chorus and membership in the Northernaires.

Mr. Paul Mazzacano, director of both freshmen choruses, arranged this version of "Deck the Halls."

They Served As Helpers' and "Refs"

"Watch that ball! Get it over, not under, the net!" These were the famous words of the physical education leaders. They were classified as teachers' helpers and always cooperated wholeheartedly. Their aim, to promote good sportsmanship and coordination, was the result of their training for capable leadership. They knew the basic fundamentals of each sport and practiced them correctly. In both gym and swim classes, they proved their worth.

Distributive Education will call to mind memories of many busy hours for the seniors who were enrolled in this program. Referred to as student-learners, those in D.E. were students in school and part-time learners at their training stations. They attended D.E. class two hours a day, during which they learned techniques in sales, advertising, display, and other marketing operations. Preparing students for occupations in distribution, this course also offered practical experience to 1962's future business leaders.

"Is chemistry required in the junior year?" "Can guests be invited to the Charity Dance?" It was when perplexing questions such as these arose that students turned to the Guidebook, an annual publication of T.F.N. The manual, a "Bible" and constant friend of the T.F. student, was compiled and edited by a group of juniors chosen by a faculty committee.

Members of the 1961-62 journalism class will never forget the thrill of seeing for the first time their names by-lining their stories as they assisted in writing for the Thorntonian and compiled the "Cub" edition. The group, consisting of juniors and seniors, occasionally deviated from the somberness of printers' ink and came into contact with a little glamour. No one will forget the enjoyment of selling carnations at the Carnival, and the fun and frolicking involved with decorating a car for the Homecoming parade.

The "Chronoscope" Needed . . .

Miss Mildred Pidgeon

Sponsorship and . . .

We of the staff wish to thank Miss Pidgeon for her faithful help and direction. She answered our questions and guided us in the process of putting together this book. She checked our work and our progress and spurred us on to complete our task efficiently. Without her assistance, the Chronoscope would not be our cherished possession.

Financial Know-How

Financially, the Chronoscope is possible through the efforts of Miss Jaacks. Through her management of the magazine drive we obtained the funds necessary for publication. She also supervised the job of getting the ads that appear in this book. We want to thank her because, again, the Chronoscope would be lost without her.

Headlines, proof sheets, galleys, deadlines! These words will whirl in the minds of the Thorntonian staff for many years to come. The editors and reporters, with their "noses for news", will long remember the time they spent rounding up the latest news. They will always remember their first assignment; the worry, the work and then the excited feeling of a first "by-line" or their first printed story. Being able to capture a "scoop" was a highlight for any journalist. Perhaps several journalistic careers were launched this year. Who knows?

A keepsake of the year's activities is the Chronoscope.

A great deal of work was put into the contents of the yearbook. Such work included taking pictures, identifying them, working out a layout, composing stories, securing ads, selecting a cover and completing a list of many other duties which must be performed before the final copies are distributed to the students in June.

The yearbook staff was composed of a group of ambitious students eager to make this year's Chronoscope better than previous editions. We, the staff, hope you like this pictorial record of that wonderful school year, 1961-62.

Our Activities Were Many

And Always Lots of Fun

High school life is made up of studies, competition, tears and joys. Many of these joys come from the numerous school activities. The year "got into swing" with the ever exciting football games followed by the livelier than ever sock hops.

The excitement of the football season reached its peak as homecoming festivities brought a tremendous crowd out in the cold winter air to boost T.F. to victory and watch Jo-Ann Gunther proudly accept the homecoming queen crown.

Football season gave way to the carnival, "That Wonderful Year." Remember Honolulu Charlie and his Swinging Pineapples?

Girls stuttered for the right words as they asked that handsome fellow to this year's Girls Club Dance entitled "Rhapsody in Blue." The blissful weather plus the soft blue decorations made it a night to remember.

"South Pacific", T.F.'s first musical in many year, will long be remembered. We can still hear Patty Finneran belting out "Honey Bun".

An evening of enchantment was spent by all who attended the Junior-Senior Prom as they spent an "Evening in Paris". May 26 will be a day long remembered for many.

Then it finally arrived. That long awaited day—graduation. Many tears of joy and sadness will be shed as the seniors bid their final farewell to high school carrying many fond memories in their hearts.

HOMECOMING

1961 Queen JoAnn Gunther is surrounded by: Laurel Lewkowski, Lana DeMarte, 1960 Queen Sandy Jeka, Ann Scott, Connie Constant, Jill Benjamin.

Our Homecoming Was a Season Highlight

Two of the queen candidates, Connie Constant and Jill Benjamin, were driven around the field as hundreds of onlookers anxiously awaited the "big moment."

Homecoming is always an exciting event and ours in October of 1961 was no exception. The spirit of the crowd, the pep of the cheerleaders, and the swing of the band provided a perfect background for our victory over Bradley, 7-6. We'll remember the sparkling beauty of the girls as they circled the field in convertibles, the band playing "The Sweetheart of Sigma Chi." And we'll never forget the hush that fell as the lights were dimmed, and JoAnn Gunther was crowned 1961 Homecoming Queen.

Dewy-eyed JoAnn Gunther received the crown from last year's queen, Sandy Jeka.

Four of our varsity cheerleaders anchored the football as the Meteors came charging through.

It Was That Wonderful Year -- 1961

Jim Dempsey, Jeanine Malak, Fred Gunther, and Janice Ciastko were the sentimentalists in "That Wonderful Year."

The Swim Show offered feats such as this.

Apparently, Mr. Hakes was the center of attraction at the hat concession.

Honolulu Charlie and His Swingin' Pineapples were showstoppers and we'll certainly never forget that act!

"That Wonderful Year," T.F. North's 1961 Carnival will call to mind many memories of our school days. Clever and humorous, the show gave varied views of our activities. Some were satirized, some were serious, but all were entertaining. Lack of space here prevents showing snapshots of every act, but those who saw the show will always remember "That Wonderful Year!"

Bernard and Carolyn Reigned That Night

The coronation of the 1961 Carnival King and Queen took place during the intermission of the stage show. To the accompaniment of trumpets and drums, Carolyn and Bernard received their crowns and robes.

The Senior Class elected the twelve candidates, and the entire student body voted for the king and queen.

"South Pacific" Will Live Forever

Second in memories only to prom night perhaps will be the performance of "South Pacific," presented in April under the combined direction of Mr. James Mertz, drama, and Mr. Paul Mazzacano, music. Miss Jo Ann Dudzik was the choreographer.

Months of hard work were put in by everyone concerned and we all agree that the finished product was well worth the toil. We'll remember the excellent acting and singing, those wonderful tunes, the colorful costumes, and the laughs. We'll never forget Nellie Forbush, Emile de Becque, Lt. Cable, Luther Billis, Bloody Mary, Liat, and the others, as played so well by T.F.'ers.

The nurses' chorus gave support to Nellie in her songs, particularly "I'm Gonna Wash That Man Right Out of My Hair," and they also sang between scenes.

The men stationed on the island were an energetic bunch when it came to expressing their affections for females, especially in their version of "Bloody Mary" and "There's Nothing Like a Dame."

Sports Were Popular

During Every Season

The 1961-62 T.F. North sports years was one highlighted with the success of its sophomore teams in the newly organized Southeast Suburban Conference. In the first year it was organized, the Meteors were established as powers by the outstanding performances of the sophomore football and basketball squads. The football team, in winning the conference, finished the season with a sparkling undefeated, untied, and unscored upon record.

The varsity football team again held its priorty in keeping with the T.F. (tough football) tradition. In drawing many spectators to their home games, they did not let them down with their hard play.

Although the basketball season was somewhat disappointing, the bright spot will lie in the future, with most of this years squad returning plus some of the boys from the championship sophomore team. It is possible that T.F. fans will see a greatly improved Meteor quintet on the floor next winter.

The wrestling squad produced another fine group of "grapplers", finishing with a very good record and qualifying two boys to wrestle in the state finals.

The young swimming team turned in a respectful season with respect to the fact that it was comprised mainly of underclassmen and was building for the future.

The spring sports, baseball and track, always have to battle the weather element, but despite the usual poor playing conditions, the respective coaches will turn in the best possible season.

From the looks of the sport scene this year, it appears that most of next years teams will be stocked with talent, since most of this years teams being composed mainly of underclassmen.

The sports program of T.F. North is on the upgrade. This year, the sports, that were previously dropped from the curriculum, golf and cross country, were resumed.

It looks as if Thornton Fractional North's sports have a fine future in the making.

Varsity Gridders Had 3-4-1 Record

T.F. North gridmen, under the leadership of head Coach Jerry Jelinek and backfield Coach Don Hakes, had a very successful season, despite the fact they had only a 3-4-1 record

Although this year's team started slowly, it gained momentum throughout the season.

The Meteor's first victory of the season, a 33-15 shellacking of St. Francis DeSales, will be remembered along with the disheartening 13-6 loss to T.F. South. Students remember the thrill packed Homecoming victory over Bradley with a score of 7-6. These two games will be recalled as the highlights of the "61" football season.

Bernard Giovingo, who was one of the most explosive backs in recent T.F. North football annals, scored the lone touchdown in the thrilling 7-6 Homecoming victory over Bradley.

Larry Matula, one of the many regular linemen on this year's team, makes good his attempt for the extra point which assured T.F. North of its 7-6 win.

Homecoming Provided Thrilling Scenes

This year's Homecoming was accompanied by several gala affairs including a fine parade and the traditional coronation of a Homecoming queen.

Each year Homecoming is the highlight of the football campaign. The varsity football team added to the festive occasion this year by defeating Bradley 7-6.

The sophomore football team established themselves as the finest sophomore football team in T.F. North history.

This year's team, under the direction of Coach James Swanson, showed signs of greatness throughout the course of the season.

They also had the distinction of having a vaunted defense which held all opponents scoreless.

The good coaching and the mental attitude of the entire team were said to be responsible for their excellent showing.

Frosh Gridders Were Mythical Champs

This year's freshman football team coached by Mr. Bob Richards, once again represented themselves as a real fine team and a squad which has followed the football tradition at T.F. North.

Coach Richards worked extremely hard with the boys and during the course of the season they finished with a very respectable 5-2-1 record.

They also became the mythical champions of the Southeast Suburban Conference by being victorious in all league games except two.

Lacking both brawn and stability, the Meteor five failed to compile a winning season. Under the leadership of Coach Wally Horvatich, the varsity cagers had a 3-16 record. This year's team was made up mostly of juniors and underclassmen, as shown by the fact that there were only two seniors on the entire squad.

Despite the fact the Meteors had a losing season, they played an aggressive, determined type of ball by improving their record over the preceeding year. Many boys with determination under their collars will once again lead the Meteor squad in their future record.

Soph Cagers Were Conference Champs

The sophomores, under the direction of Mr. Ray Buvala, brought another first place trophy to T.F. North this season as they became the first basketball champions of the newly organized Southeast Suburban Conference.

Coach Buvala did a fine job with his boys in making them one of the strongest teams in the area. They compiled an 8-2 conference record and had a overall record of 13-5.

These boys, in bringing more prestige to T.F. North, were a tribute to their school as well their coach. This ball club was never short in hustle, desire to win, and hard work which enabled them to become champions.

The Freshmen Had 6-7 Record

Working with a group of boys for the first time is not an easy task as all freshman athletic coaches realize.

The fact that this was the first year these boys worked together made it easy to see why coaching a freshman team is a difficult and time consuming job.

Despite these facts, Coach Don Hakes has continually turned out good teams. This year's freshman squad finished with a respectable 6-7 record and gave every indication of being a contender in the Southeast Suburban Conference next year.

10 WINS — 5 LOSES

T.F. North's fine wrestling team had an outstanding year. Although competing against some of the finest teams in the state, the Meteor grapplers compiled an outstanding record of ten wins and five losses.

Coached by Mr. Al Vega, this year's team was mostly juniors and underclassmen. Next year's wrestling corps will lose only two valuable seniors and according to tradition, T.F. North is vastly becoming a well represented school in wrestling.

Returning Matmen Will Eye Success

Romeo Casiano, and Tom Zasada, experiment with a new hold.

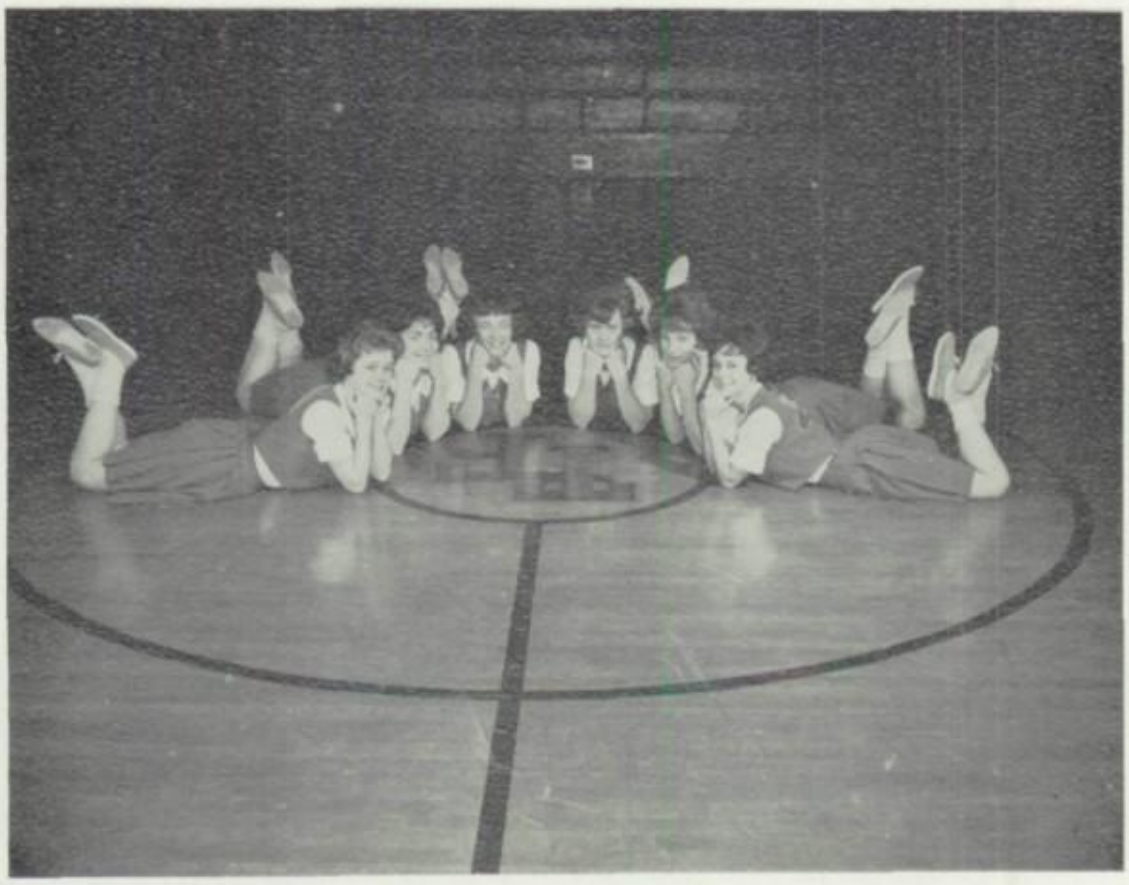
Under the guidance of Coach Jim Swanson, the young frosh-soph wrestling team finished in third place in the Southeast Suburban Conference tournament. Under Coach Swanson the boys learned the basic fundamentals of wrestling. His job was also to develop the material into potential varsity wrestlers.

Rousing Cheers Were Their Specialty



In their basketball season outfits are: Connie Constant, Sheila Enright, Ann Tirpak, Mardee Rebey, Carolyn Puckett. Jill Benjamin.

Boundless energy and enthusiasm were two characteristics of our peppy purple-and-gold girls, the varsity cheerleaders. In their purple letter sweaters and white skirts, their shouts rang through the crisp air at our football games. With the basketball season, they changed to purple skirts and tops of white blouses, and always maintained a steady stream of cheers. They won't forget the hours of practice they put in, and we won't forget yelling with them at our sports events.

Combining skill and determination, this year's swim team finished the season with a 7-8 record. However, the record doesn't express the type of effort that was put forth by the team.

With Coach Merson being confronted with the lack of depth, he was forced to rely on many inexperienced "splashers" who lacked the maturity and stability necessary for varsity competition.

This year's team had some fine personnel, demonstrated by the breaking of four pool records during the course of the season.

Young Splashers Acquired Experience

The members of the frosh-soph swim team were constantly being assisted by Coach Bruce Merson who had the difficult task of preparing these young swimmers for future varsity competition..

Their record wasn't very impressive, however, and a number of the underclassmen had to be used in many of the varsity meets because of the lack of team depth.

This experience should help immensely in the fortunes of future T.F. North swim teams.

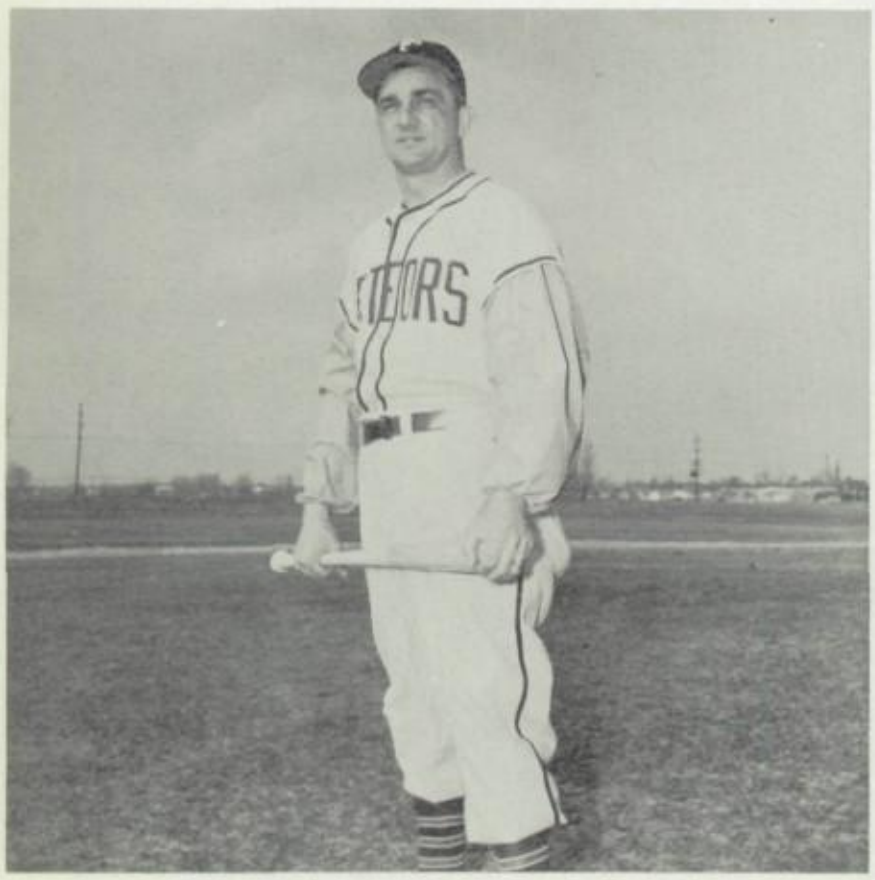
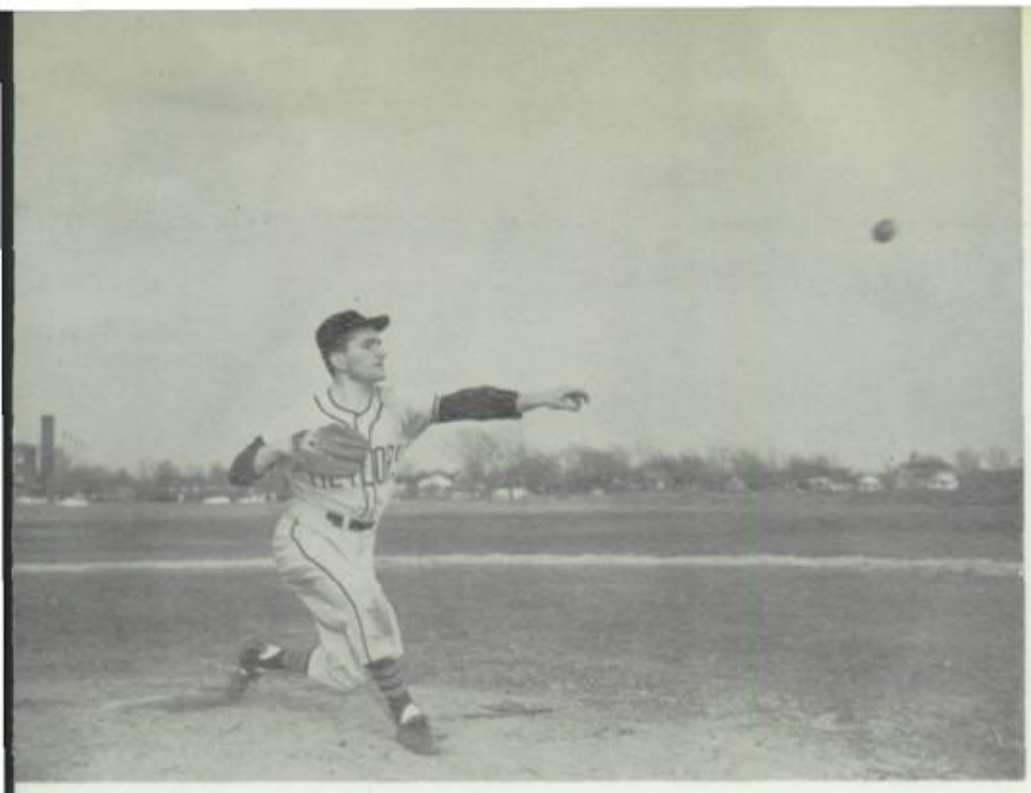
Inexperienced Diamondmen Tried Skills



Coach George Sobek

Coach George Sobek's baseball squad looked very impressive in their early outings. Mr. Sobek who has had many a fine team, expects outstanding accomplishments next year. This year's Meteor team was one of the youngest assembled by coach Sobek.

With the knowledge and experienced obtained by the youngsters this past season, improvements in America's No. 1 sport are certain. Due to the early deadline of the yearbook the sports staff regrets that the completion of springs sports and season results were unable to be printed.



Terry Berwanger, ace left-handed pitcher for the Meteor nine, led the team's pitching corps. Terry was also an exceptional hitter.

Jim Orzel and Tom Berwanger, two of the top sprinters on the varsity track team, go through warm-ups prior to a meet.

Leading the hurdling corps was junior Zenny Tymochko, who has been a varsity performer for the past three years.

Both spring sports, track and baseball were plagued by inexperience. Track Coach Bob Richards had an immense task to accomplish in attempting to develop his young material. For some undetermined season support was lacking from both junior and senior levels. If this can be corrected future T.F. North teams can have consistant winning teams.

Chuck Gulotta, senior pole-vaulter helped the team by being a member of this years strong pole-vaulting corps.

Don Ramon and Tom Ogrodowski were two of the best distance performers that T.F. North has had in recent years.

As Members of Classes

We Had Special Traits

Like many other high schools, Thornton Fractional North is divided into those four traditional student groups: the "green" freshmen, the naive sophomores, the joyful juniors, and the witty seniors. As their education progresses, each group takes on individual characteristics and gains along with much knowledge, a little more sophistication.

The freshmen, seemingly smaller in stature each year, entered dear ol' T.F.N., awed by the endless halls of learning. As they carried heaps and heaps of books, they always seemed to manage to be under the feet of those "overpowering" upperclassmen.

Scurrying after bugs and hunting for leaves, the sophomores learned of that wonderous world of nature. On Bow Day, they proudly displayed their bows of orange, signifying that they were past the "untouchable" rank of freshmen and were almost, but not quite, upperclassmen.

The juniors gladly undertook a new experience: that of electing class officers. In this new history lecture course, they not only learned many additional facts about the United States, but also were given practice in the art of note taking.

Finally, we come to the "almighty' 'seniors. This is the year when class rings are finally obtained and caps and gowns are ordered. Although they try to give an appearance of being glad to leave T.F.N., it is possible to note, a slight touch of sadness in their eyes. As they walk solemnly in the procession through the gymnasium for the final time at graduation exercises, each one has memories of four happy and glorious years at Thornton Fractional North.

Juniors

Standing—Ken Arney, president; Kneeling—Jill Benjamin, vice-president: Lana DeMarte, secretary; Dominic Femminella, treasurer.

The most important social event of the year, the Prom, was in the hands of the Junior Class. The members of the class, under the leadership of their officers, worked especially hard to give the seniors a memorable Prom.

The Junior Class also had prominent roles in arranging Homecoming and the Carnival.

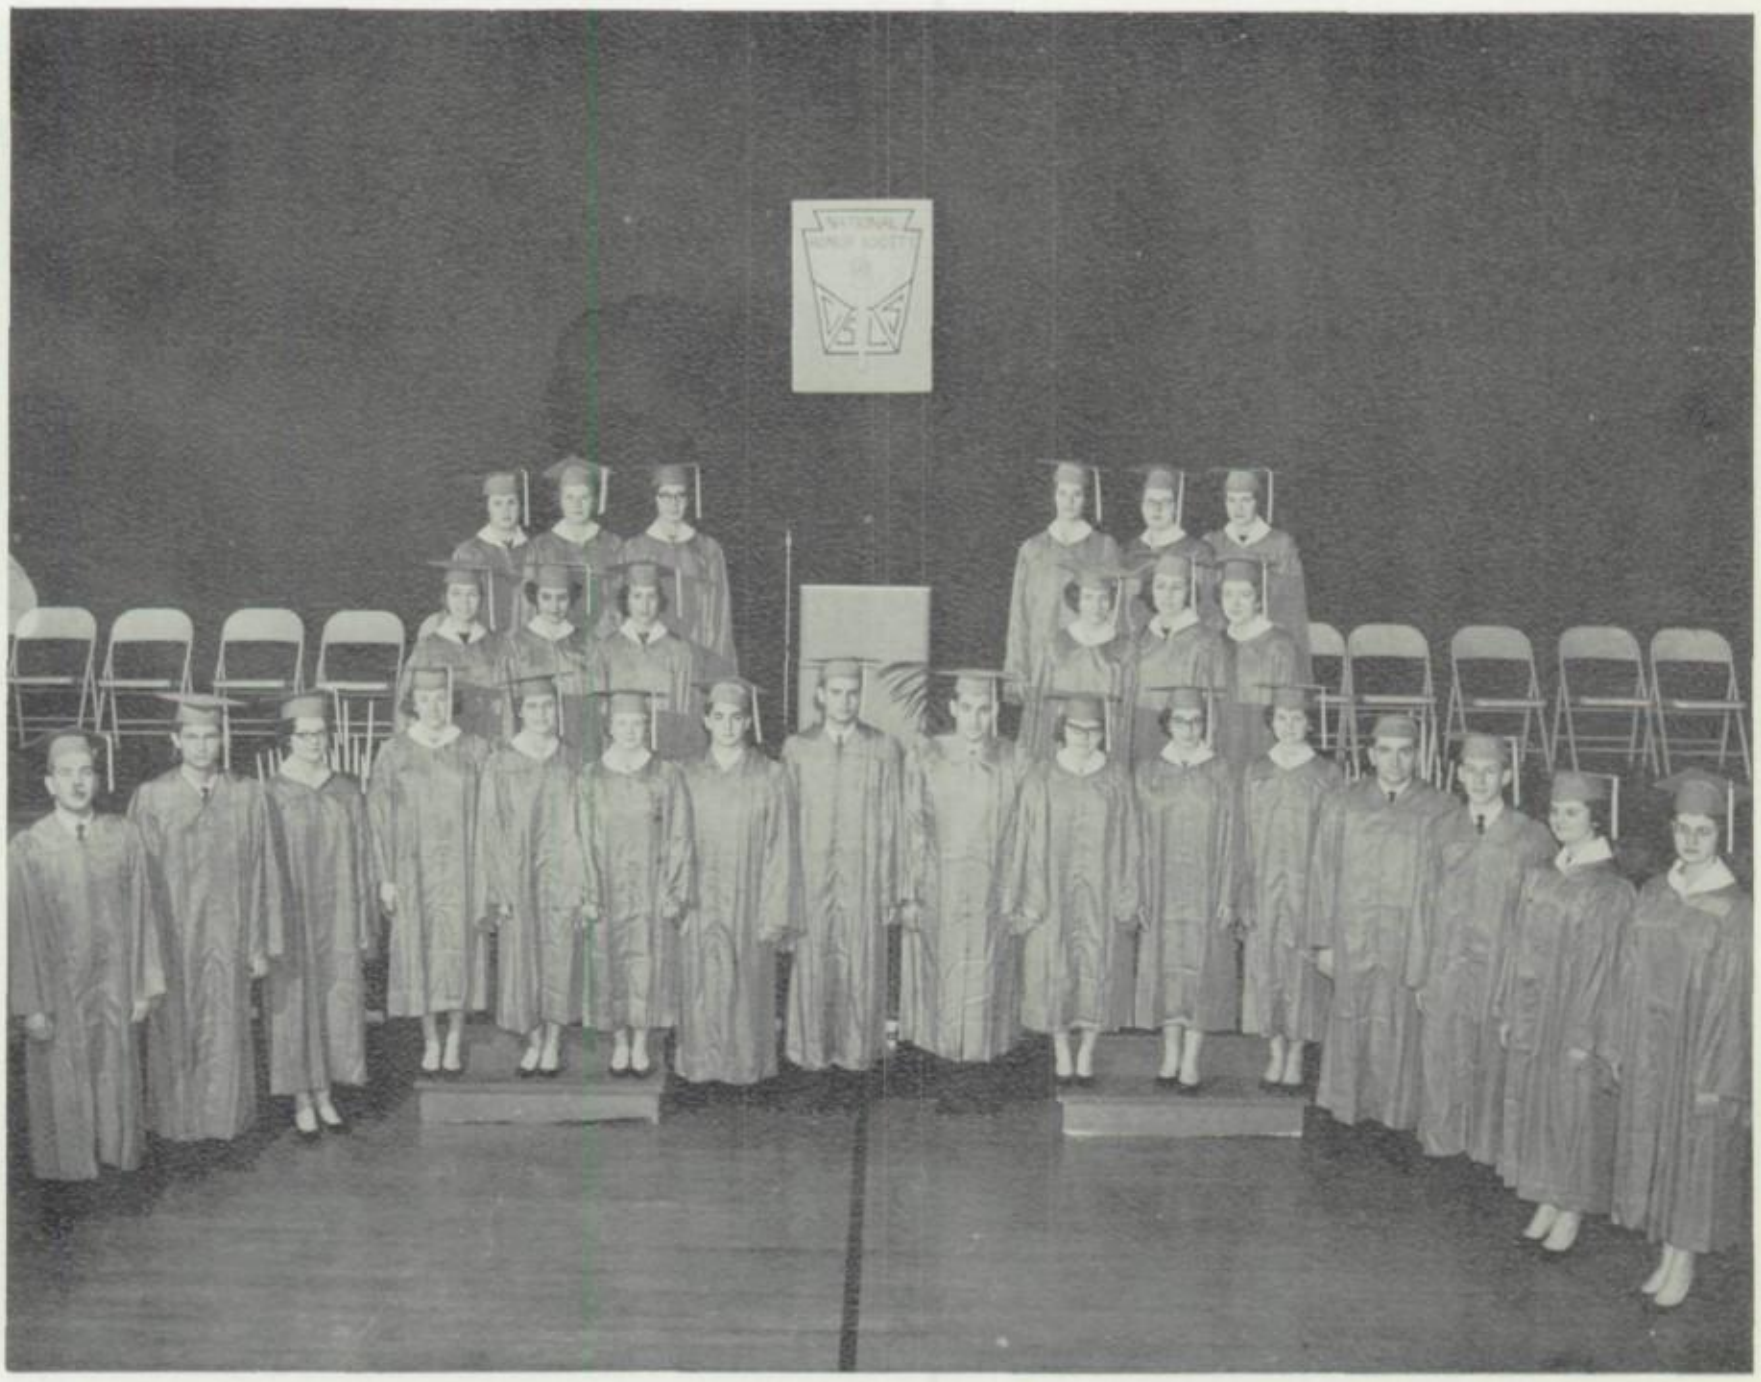
National Honor Society Claimed

New Members

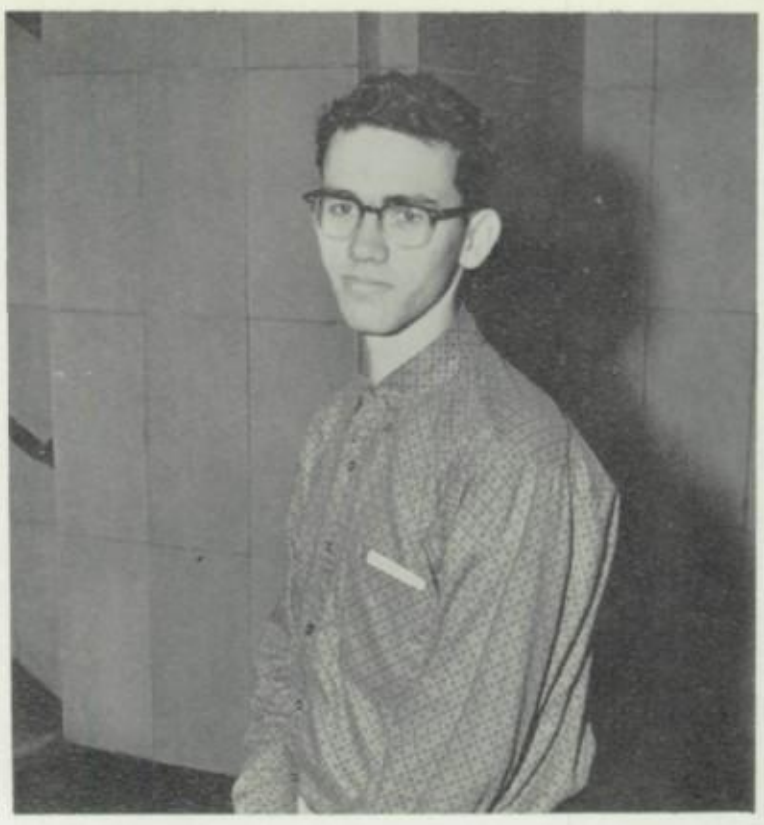
At an impressive ceremony on April 17, nine seniors and nineteen juniors were installed in the National Honor Society. They received pins and membership cards from Mr. Aitken Young at the assembly held before parents and students. Nineteen seniors who were elected to the society in their junior year also took part in the ceremony.

Our chapter of the Society, the Oasis, is sponsored by Miss Irma Stefanini. Terry Berwanger was the president. Students were elected to the Society by faculty members on the basis of scholarship, leadership, character, and service. The following talks were given on these qualities:

Scholarship	Janice Ciastko
Leadership	Janice Janik
Character	Jim Dempsey
Service	Jeanine Malak
History and Emblem	Pat Wasik
Creed	Steve Borbely
Pledge	Terry Berwanger



Pat Wasik
Girls' State Representative



Norman Jackson
Boys' State Representative

These Seniors Received Special Honors

Terry Berwanger
Derby Winner

Janice Ciastko
Winner of the Daughters of the American Revolution Award

SENIOR CLASS OFFICERS

Charlie Vesolowski, treasurer; Ann Tirpak, secretary; Nancy Kulchawick, vice-president; Bob Schneider, president.

The main responsibilities of the Senior Class officers were to plan and organize commencement exercises and to arrange the various committees for the class will, prophecy, motto, gift, flower, etc. In 1961-62, the class members sold cokes at football and basketball games to earn money for the class gift to the school.

SEPTEMBER

Frightened freshmen and experienced upper classmen alike "got in the groove" as the sihool year opened.

Shy freshmen, who were "little sisters", became acquainted with the Girls' Club when thy were escorted by their "big sisters" to the annual Big-Little Sister Party.

"Stay on the North Side" rang out from many enthusiastic crowds as they urged on the mighty Meteors. The Meteors ended the year with three victories.

Our social whirl began with after-game dances, mixers, and socials. We'll remember seeing teachers chaperoning from the doorways

OCTOBER

The freshmen girls learned about the Girls' Club and its activities while they munched on candy bars at the Chocolate Chats.

Jo Ann Gunther found it hard to hold back her tears of joy as she accepted the homecoming crown from last year's queen, pretty Sandy Jeka.

The T.F. students anxiously awaited the assemblies throughout the year. The October assemblies included a pep assembly, piano assembly, and "A Play on Words."

Many juniors and seniors found their answer to the problem of college entrance as they became more familiar with the schools at College Night.

The spirit of the football season was enlightened all day Friday as T.F. students got out their sweat shirts. Boys and girls alike wore Meteor sweat shirts.

NOVEMBER

Parents and teachers met and discussed their mutual interests as they attended the annual Parents' Night.

"That Wonderful Year", our carnival, was "great fun" for the participants and the audience alike. The talent show, the swim show, and the many booths will never be forgotten, particularly those senior Hawaiians.

The language labs, new this year to T.F. provided a novel and worthwhile experience for the French and Spanish students. They gave the students an efficient and rapid means of acquiring a fluent tongue in the language.

The Debate Team proved its extemporanious speaking skill on the Rebuttal show this year. Those participating were Jim Sayre and Rod Wells.

The Girls' Club sponsored their annual Thanksgiving projects as they filled several Thanksgiving baskets for the needy.

DECEMBER

Seniors of T.F.N. managed to wipe the dewy moisture off their brows long enough to take those frantic college board exams.

A moonlit night combined with a magical sleighride provided the scent for the sody in Blue." This is the one event of the year to which T.F.N. girls may invite their "favorite beau."

Echoes of beautiful Christmas music rang in the halls of T.F.N. as the music department presented its annual Winter Concert.

Christmas, as always, was a wonderful time of the year at T.F.N. the traditional tree in the hall, combined with the new Ski-Sweater Day, made this season particularly something to remember.

JANUARY

Jim Sayre and Pat Finneran make use of the plentiful information from books and phamphlets concerning careers and future college plans.

Some were smiling and others frowning but all were glad to see them over and done with. This could only refer to those *semi-annual favorites, exams.*

Everyone shivered and bundled up even warmer that winter as the temperature dropped below zero and brought snow, snow, and more snow.

Bringing a first to T.F.N., our Dance Band was featured regularly over radio station WJOB every Monday night. Hats off!

How often we waited in line for something or other! We stood there for tickets, books, schedules, polio shots, admissions, taffy apples, paper, pictures, etc. Here, it was to see the nurse.

FEBRUARY

T.F.N. students were grateful to Abraham Lincoln not only for being a wonderful President, but also for enabling them to have a day off.

Ten senior and five junior girls were given a preview of college life as they visited St. Xavier College in Chicago.

Dolls and animals of all sizes, shapes, and forms were made by T.F.N. girls to earn points in Girls' Club. The toys were distributed among various orphanages and organizations in the area.

The traditional colors of red and white were worn by many T.F.N. students on that very special Valentine's Day of giving and receiving cards from that "special someone"

Readin, 'Ritin, and 'Rithmetic were all studied during those ever-busy and interesting library periods. Due to the great number of students, the cafeteria was also used as a study hall.

MARCH

Pert 'n Pretty sophomores donned pretty clothes, happy smiles and their best manners for the Sophomore Tea.

A Mardi Gras dream overcame Fractional students, as they danced into heaven at the Boys' Club Dance. As shown, they also chatted with the chaperones.

Happy faces, brighter clothes, less concentration on homework, and leaf collections finally concludes that spring is really here.

Buttons 'n Bows and proud smiles filled the hearts of gals and their dads at the eighth annual Dads' Night.

College plans became more vivid in the minds of seniors as they sought help from the Dean's Office.

Luncheons and fine speeches became the basis for an enjoyable afternoon and Rosemary Mindock, Betty Valuch, Mardee Rebey all found that an interview was truly an interesting afternoon, as they attended many journalism luncheons.

APRIL

Green, orange, blue, and red were the hues seen on that day when we all sported bows to designate our "rank."

A satisfying sense of accomplishmens in the scholastic field filled the hearts of those who were installed in the National Honor Society.

Spring brought us a vacation and a truly wonderful observance—that of Easter Sunday.

Another sign of spring was the opening of baseball season.

"Younger Than Springtime" were we at the performance of "South Pacific," when we heard that and other famous tunes of the popular musical. We can still hear Pat Finneran belting out "Honey Bun."

MAY

Girls' Clubs from the surrounding area sent delegates to a conference held at T.F. South early this month. Some of our modern dancers provided entertainment.

T.F. North girls showed their moms how very much they do love and appreciate them by taking them to the annual Mother-Daughter Party.

Seniors became taller as heels and special dresses appeared on the agenda to attend their final tea at North, their last chance to really chat to all the senior girls.

Happy notes of spring and melodies of pleasure greeted the audience of Fractional's annual Spring Concert.

"A Wonderland By Night" became the scene of enchantment in 1961 as lovely girls and their dates attended the grandest finale to any school year, our prom. Our deadline prevents us from showing '62's prom.

Awards of achievement and all the final election returns were finally counted and read to us as we all felt a bit sadder at the Senior Day Assembly; at which we waved farewell to a fine senior class; the Class of 1962!

Memorial Day gave us another holiday Lots of us went to the beach to recuperate from a big weekend. But we also started cramming for finals!

JUNE

Chills in June? They come with exams, but soon they're over and everyone feels warm and wonderful.

Jill Benjamin begins to sign another yearbook, as Signature Swing gave us all a chance to get our yearbooks, and everyone's signature. It was a time to write nice messages and to bid goodbye to friends.

Smiles of happiness unfolded under tears of sadness as seniors ended their carefree high school days and graduated into the threshold of life.

Sweat socks, magazines, hair rollers, pictures of Ben Casey, and over-due library books, are seen flying through the halls as students finally clean out those lockers.

More Scenes From "South Pacific"

Al Fedosky as Luther Billis and Pat Finneran as Nellie Forbush clowning around in "Honey Bun."

Captain Brackett, played by Steve Borbely, bawls out Billis as Lt. Cable and Commdr. Harbison (Ken Arney and Gene Sabo) look on.

Nellie smiles approvingly as Emile de Becque, played by Mike Kulczyk, drops three lumps of sugar in her coffee.

Glimpses of Our First Musical

Billis sings of "Bloody Mary," while the Professor, Jim Borbely, and Stewpot, Fred Gunther, seem to have mixed feelings.

Chris Endicott and Dave Remo have some fun in their portrayals of de Becque's children.

Mike Kulczyk, as the French planter, Emile de Becque, singing "Some Enchanted Evening."
